Training Aid

For more details, refer to the Quick Start and Instructions for Use.

1. Load an Ocu-Dot™ Tonometer Probe.

2. Hold Training Aid in the palm of one hand. In the other hand hold Tono-Vera™ Vet Tonometer so the Ocu-Dot Tonometer Probe is perpendicular to the training eye.

3. Tono-Vera Vet Tonometer will automatically measure when aligned.

Approx. 4-8 mm
